I. Background

On-campus housing enhances the academic experience for students, promotes intellectual exchanges, and fosters a spirit of community. The following policy and its related regulations apply to students living in the Residence Halls and will be enforced by the Director of Student Life.

II. Residency Requirements

Only degree-seeking or certificate students are eligible to live in resident housing apartments. Undergraduate pre-licensure students must be enrolled at least part-time (minimum of 6 credit hours) to live in the resident apartments. Any resident who fails to maintain at least a part-time status will be dismissed from the apartments. Married students may live in the apartments and are responsible for the entire rental price for one apartment. Students with dependent children are not eligible to live in the resident apartments. The following policies identify student residents:

1. Students Who Are Required to Live on Campus:
 - Full-time and part-time first year/freshmen undergraduate pre-licensure students whose legal residence (true, fixed, and permanent home, as defined on the Free Application for Federal Student Aid [FAFSA]) is located outside a 35-mile radius of the Columbus campus. (See <http://bit.ly/mccn-housing> for a map showing the radius zone.)
 - Full-time and part-time sophomores living in the residence halls as of April 30 of the previous academic year.
2. Students with Priority Selection as Residents:
 - Priority 1- Full-time and part-time students living in residence as of April 30 of the previous academic year.
 - Priority 2 – Freshman students required to live on campus (per Section II.1, above).
 - Priority 3 - Freshman students (other than "required residents") who request to live in the apartments.

- Priority 5 - All other enrolled full-time and part-time students.

3. Individual apartments will house only students of the same gender with the exception of married residents.

4. The Director of Student Life will make specific apartment assignments. Every attempt will be made to assign students to the same apartment based on their completion of the Apartment and Roommate Preference Sheet.

III. Exceptions

Exceptions to the on-campus housing policy will be granted to freshmen or sophomore students who provide evidence that they are:

- Military veterans
- Married or previously married
- Parents or guardians of minors or dependents
- Over the age of 21 by August 1 of the current year
- The sole healthcare provider for family members
- Experiencing significant hardship due to insufficient financial resources as verified through the Financial Aid Office
- Experiencing temporary or long-term health condition/disability impacting the student's ability to live in on-campus housing

The on-campus housing policy is administered by the Director of Student Life in collaboration with the Director of Business Affairs and the Director of Financial Aid. Administrators may consider and grant exemptions from living on campus only after a resident submits proper application with verifying documentation/evidence. Exemption requests for health or disability-related accommodations are governed by the College's Non-Academic Accommodations for Students with Disabilities Policy and can be made to the Title II/Section 504 Coordinator, 127
